CastlePE's net asset value increased by 2.2 per cent during November. The positive monthly investment result was mainly driven by exits and valuation increases throughout the portfolio, namely the write-up in the valuation of Flagler by Fortress V and PayTM by SAIF III.

The investment result was unchanged by currency as the Euro was stable versus the Dollar during the month.

November's cash flows were muted but favourable: CastlePE received distributions of over USD 1.0 million, primarily driven by the partial realisation of publicly listed Sabre by Silver Lake II during the month. Overall I investment outflows in the month were less than USD 0.1 million. Uncalled capital remained at USD 45 million or 21.3 per cent of net asset value during the month.

During November, USD 1.3 million was used to purchase 78,793 shares on the second line buyback program.
