CastlePE's net asset value increased by 0.3 per cent during January. The

Monthly report – January 2018

positive monthly investment result was driven by valuation increases and exits throughout the portfolio, namely the write up in valuation for OptiGroup by Triton II.

The positive investment result was further supported by the 3.8 per cent increase in the Euro versus the Dollar during the month resulting in an unrealised currency gain of USD 2.8 million.

January's cash flows were once again very favourable: CastlePE received distributions of almost USD 7.0 million, primarily driven by the realisations of EUN by Columbia IV and SES by Chequers XV during the month. Overall investment outflows in the month stopped at less than USD 0.1 million. Uncalled capital was stable at USD 53 million or 11.7 per cent of net asset value during the month.

During January, USD 0.07 million was used to purchase 4,000 shares on the second line buyback program.
