CastlePE's net asset value increased by 0.1 per cent during August. The positive monthly investment result was driven by valuation increases throughout the portfolio, namely the write up in valuations for Canada Goose by Bain X and Hyperbranch Medical by H.I.G.

The investment result was reduced by the 0.7 per cent decrease in the Euro versus the Dollar during the month resulting in an unrealised currency loss of USD 0.3 million.

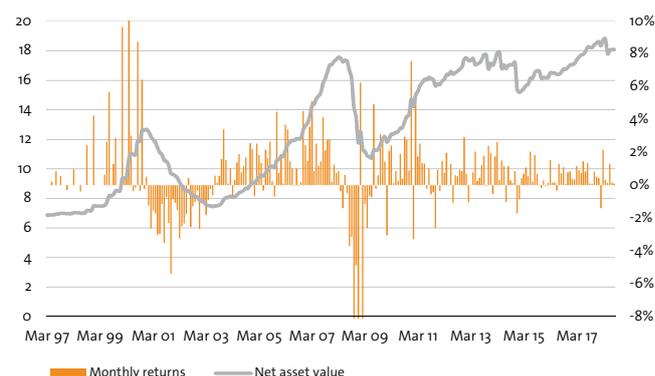

August's cash flows were muted but favourable: CastlePE received distributions of USD 0.4 million, primarily driven by the partial sale of shares in Sabre by Silver Lake II during the month. Overall investment outflows in the month stopped at USD 0.1 million. Uncalled capital was unchanged at USD 48 million or 15.2 per cent of net asset value during the month.

During August, USD 1.4 million was used to purchase 84,711 shares on the second line buyback program.
